Subject: Thank You for Me and My Wife

Hello Steve,

My wife, Kyung Mi, and I wanted to express our appreciation for the two days of professional and enthusiastic instructions that you and your staff provided us recently during our two days at the American Tour Golf Schools in Mount Pleasant, SC.

The two days we spent with you at the school greatly exceeded our expectations. We were equally impressed with facilities and the friendly and courteous staff. We especially enjoyed the enthusiastic and personable manner in which you taught us the basics and worked to overcome our bad posture and swing habits.

We've already had a chance to put the things we learned in the test. It's fun to see the improvements that are already taking place in our games. My co-workers have been impressed with the chipping and putting tips that you showed me that I've shared with them. Your card and the brochures from your school are very hot items in my office building. One of my golfing buddies, who happens to have a 2 handicap is trying some of the tips to improve his posture and refine his swing.

I have to be honest and tell you that my wife and I were a little uncertain about what to expect before we came to the school, but now realize that it was all it was supposed to be and much more.

Thanks again for giving us two great days of golf instruction, lots of fun and a renewed optimism for improving our golf games.

Sincerely,

J. Richard and Kyung Mi Grantham
